Warrior Engineering Ltd. – Junior Field Technician / Inspector / Officer

Job Description:

You will provide support to the Warrior team by assisting with and conducting a wide range of Civil Engineering consulting tasks and occasional community engagement in Indigenous communities throughout Ontario.

Work and Responsibilities

You will assist and conduct engineering field sampling, contract administration duties, data collection and tabulation, and field and office reporting. You will be working with and training directly under senior civil and environmental staff at **Warrior** and its delivery partners.

Your key responsibilities under your civil role as a junior team member will include the following:

- Attend field safety meetings, conduct work safely, and maintain company equipment, tools, vehicles, etc.
- Prepare and maintain clear, concise field notes and sketches
- Communicate with senior staff, clients, contractors, and regulatory agencies
- Field and laboratory data tabulation and assessment
- Work with Microsoft Word, Excel, AutoCAD and other computer software
- Prepare technical emails, letters, and reports
- Perform on-site Inspection and perform contract administration duties on MTO projects in Ontario such as:
 - Read and apply contract drawings, tender documents and Ontario Provincial Standards (OPS) applicable to the site operation
 - Conduct material sampling for Quality Assurance testing
 - Inspect Contractor's traffic control measures in accordance with OTM Book 7 requirements
 - Maintain daily diaries in MTO online Contract Management System referring to the appropriate Contract Administration specifications (Contract Administration Inspection Task Manual / Specifications – CAITM, CAIS)

Other Responsibilities:

Other responsibilities may include the following as required:

- Perform field surveys in all weather conditions using GPS RTK and/or other survey equipment and their respective data collection systems
- Assist in review and processing of collected survey data
- Produces CAD drawings on assigned projects
- Assist in plan reviews
- Attend various meetings and prepare minutes
- Occasional visits to indigenous communities for engagement and business development
- Work out of town in remote locations throughout northwestern Ontario
